

WRSO

WORLD ROCK SYMPHONY ORCHESTRA

BRITAIN ROCKS

Monday September 27th 2010

A very big sound is going to rock the WFCU Centre this coming September 27th for one performance only.

Featuring former members of Frank Zappa's Mothers Of Invention, The Average White Band, TV's ROCKSTAR INXS, the Trans Siberian Orchestra, Broadway's Color Purple, Jesus Christ Superstar and more, the huge "World Rock Symphony Orchestra" includes a six-piece rock band, 6 feature Rock singers, a Grammy-award-winning gospel chorale and orchestra -performing a gigantic collection of Britain's greatest classic rock hits for one show only – Monday September 27th.

The show -subtitled simply 'Britain Rocks' includes incredible rock symphonic (emphasis on rock!) arrangements of famous songs by The Beatles, The Who, Led Zeppelin, Pink Floyd, Queen, Elton John, Rod Stewart Supertramp, Genesis, The Moody Blues, The Zombies and many others. Anyone familiar with the rock symphonic concept knows how powerful these incredible rock anthems can be when their vocal elements are amplified by a chorale and the music gets the full orchestral treatment.
